Agenda

- What can we offer?
- How do we work?
- How do we price services?

What can we offer ?

- **We offer you:**
 - A deep analyze of your business revenues
 - A relative assurance that all your services are correctly billed
 - A list of improvements for your billing activities

A very easy way to improve your margin

How do we work ?

- We will develop coherency checks between:
 - Your business activities
 - Your contracts
 - Your billing application(s)
- In order to achieve this, we will ask
 - An access to all your contracts
 - A presentation of your activities
 - A person of contact to who we can ask questions in order to find appropriate data extracts
- We guarantee you a full confidentiality confirmed by a NDA.

How do we work ?

- We won't ask an access to your systems or exclusively in read only.
 - We prefer you to provide us the data for confidentiality reasons and liability.
 - We will each time ask information to your personnel and describe the information needed (and you define the time that will be necessary to provide this information.)
- We will ask you to make a list of the services that are deliberately not billed (if there are some).

How do we price services?

- As long as we don't find anything, you don't pay anything.
- We will take a % of the recurring and one-off revenues found during our investigation
